PROFESSIONAL PROFILE

Passionate developer focused on building high-impact mobile applications, with solid experience in Flutter, React and native Android. Specialized in Kotlin and modern architectures. Looking to keep growing in a collaborative, challenging environment, contributing technical knowledge and problem-solving skills.

WORK EXPERIENCE

Android Developer (Kotlin)

SolidaTec — February 2026 - Present

- Development of native Android applications with Kotlin, using Jetpack Compose and XML
- Cross-platform development with Kotlin Multiplatform (KMP) and Compose Multiplatform
- Implementation of MVVM, MVP and MVI architectural patterns
- Consumption and integration of RESTful web services
- Dependency management with dependency injection
- Local data persistence with Room and SQLite
- Advanced use of Coroutines and Flows for asynchronous operations
- Experience with Activities, Fragments and application lifecycle

Front-End Flutter Developer

IntegralSoft — 2023 - February 2026

- Cross-platform web and mobile development with Flutter
- API testing and endpoint validation with Postman
- Implementation of responsive, high-performance UIs

Sport Analyst

Sportradar — 2023

- Collection and analysis of sports data
- Use of predictive models for advanced analysis

EDUCATION

- | | |
|---|---|
| ▶ Information Technology Analyst — Universidad ORT (2025) | ▶ IT Support Management Degree — Instituto BIOS (2022-2023) |
| ▶ React — CoderHouse (2025) | ▶ Bachelor's Degree in Systems — Universidad ORT (2022) |
| ▶ Backend Node.js/Express and MongoDB — CoderHouse (2025) | ▶ Official Career Program — Escuela Naval (2020-2021) |
| ▶ JavaScript — CoderHouse (2023) | ▶ Social-Economic Baccalaureate — Escuela Naval (2018-2019) |
| ▶ Web Development — CoderHouse (2023) | |

TECHNICAL SKILLS

Programming Languages	Kotlin, Dart, JavaScript, SQL
Frameworks & Libraries	Android SDK, Jetpack Compose, Kotlin Multiplatform (KMP), Compose Multiplatform, Flutter, React, Node.js, Express
Architecture & Patterns	MVVM, MVP, MVI, Dependency Injection
Databases	Room, SQLite, MongoDB, MySQL
Tools & Technologies	Git, Postman, Android Studio, Visual Studio Code, Coroutines, Flows
Languages	Spanish (native), English (advanced), Portuguese (basic)
